The Peace+ HoneyComb

An interactive Learning Module on European citizenship and common values

How can we help learners understand what the European Union means in their everyday lives?
How can we prepare them to participate actively in democratic life?

Discover the HoneyComb

The HoneyComb is an Erasmus+ interactive learning module that explores **European citizenship and common values** through engaging, **self-paced** learning. Rather than focusing primarily on EU institutions, it examines how **EU rights and values** shape daily life and how citizens can contribute to Europe's future.

The module is organised as a honeycomb of thematic learning units.
At its centre lies the **Flower of Values**, which explores the values on which the European Union is founded: **human dignity, freedom, democracy, equality, the rule of law and human rights**. Through authentic examples and contemporary issues, learners discover what these values mean in practice and reflect critically on their significance.

The HoneyComb aims to:

- ➔ prepare for participation in democratic life
- ➔ strengthen awareness of common values
- ➔ encourage civic engagement.

An innovative learning experience

Interactive online activities combine learning content with **quizzes, self-assessment, videos and real-life stories**, many inspired by the case law of the Court of Justice of the EU. The content is firmly anchored in the **EU Treaties** and the **Charter of Fundamental Rights of the EU**, ensuring an **objective**, non-partisan approach while fostering **critical** thinking and **pluralistic** dialogue.

Flexible learning pathways

Learners can combine **essential** units (blue) with **optional** units (yellow). Educational institutions or Erasmus+ National Agencies may recommend specific units or levels (**basic, intermediate, advanced**). This environment is a work in progress: Units and levels are currently under development.

The **icons** guide you through the module.

The final self-test leads to a **certificate**. 

Explore the HoneyComb. How to start

Access the test environment here: https://peaceplus.indire.it/

This is a work in progress. At this stage, only **Units 1, 2 and 15 are available**.

To enter the module:

- click on Unit 1: Start here or Unit 15: Equality
- LOGIN: choose "Access as a guest" (no password required).

The current version includes the **intermediate** and **advanced level**. The basic level will be added later.

We recommend that you first explore **Unit 1: Start Here** to become familiar with the learning approach of the HoneyComb. Afterwards, continue with **Unit 15: Equality**, which takes approximately 30–45 minutes to complete.

At any time, you can return to the HoneyComb by clicking on Home in the top-left corner.
